THE MOTH

Community Engagement Program Introductory Workshop

ABOUT THE MOTH WORKSHOP

The Moth Community Engagement Program provides the space, tools and expertise for people to practice the art and craft of personal storytelling. As a participant in a Moth workshop, you will have the opportunity to shape a life experience of your choosing into a well-crafted story!

Introductory storytelling workshops with The Moth Community Program are **completely free** for participants and take place over three hours.

You will be guided by experienced Moth instructors who will help you **recognize the elements** of a compelling story, **explore a unique story** of your own, and **connect more deeply** with others in the room. You can choose a story from any corner of your life, and you do not need to have your story identified before the workshop begins; brainstorming story ideas is a part of Moth workshops!

During the workshop, you will...

- Watch a Moth story
- Explore the art and craft of true personal storytelling
- Try out your own mini story with another participant

After completing an introductory workshop, you'll be eligible to **receive special alumni benefits**, including a **SLAM pass** that **provides you and a guest free access** to Moth SLAMS for an entire year.
